Other Meetings

The first formal meeting of the **Federation of the European Societies of Neuropsychology (ESN)** to be held in Edinburgh, Scotland, 2nd -5th September 2008. This meeting is jointly hosted by the BNS and will replace our Autumn 2008 meeting. The conference is dedicated to furthering our understanding of brain-behaviour relationships and neuropsychological disorders and will cover

some important themes currently debated in Neuropsychology. We have an exciting conference program which includes keynote lectures by Professor Giacomo Rizzolatti, Professor David Milner and Professor Tim Shallice.

Edinburgh has one of the most beautiful cityscapes in the world and with Scotland's most famous castle dominating the city skyline, there is plenty to see and do. A number of traditional Scottish social events have also been organised including a whisky tasting and an informal evening of Scottish traditional music and dancing, which will guarantee that this conference is one to remember!

The 12th Congress of the European Federation of Neurological Societies (EFNS) Madrid, Spain, August 23-26, 2008.

The upcoming congress in Madrid brings together more than 4000 neurologists from various specialities with a full scientific programme including teaching courses, main topics, focused workshops, satellite symposia, short communications and posters. Almost all fields of neurology will be covered, and include Parkinson's disease / movement disorders, dementia, multiple sclerosis, cerebrovascular diseases, epilepsy, muscle disorders.
